

Kingdom Builders #5

6/13/23

Acts 10

**1.** Drew began his sermon by talking about how we don't think everyone is deserving of good things.

**\*\*Who is the person in your life, that when something bad happens to them, you cheer on the inside?**

**For more discussion:** It is often due to world or cultural events that make a specific group of people seem unloveable when a stereotype is assigned to that group. For example, Japanese-Americans were hated during and even after World War II, or Americans viewed Muslims with suspicion after 9/11.

**\*\*What world or cultural event has happened recently, or is even happening right now, that is creating this separation between people, or even makes you think they are unloveable?**

**2.** The reality is that God calls us to reach out to everyone, including those we may unknowingly deem "unloveable."

**\*\*What can you do to make an inroad with someone who our culture writes off, or what can you do to make an inroad with someone who has written off a Christian?**

**3.** Many in mainstream culture today equate love with affirmation.

**\*\*Is there a difference between love and affirmation?**

**\*\*How did Jesus live out his love of people while calling them to change their behavior?**

**\*\*What is it that actually can change a person's behavior? How have you experienced this change in your own life?**

**\*\*How can you leverage that experience to share with another person?**
